Race Rules & Regulations

Scott Bicycles Junior Tour will be run under the Rules of Cycling Ireland and Union Cycliste Internationale, together with those additionally specified in this Manual. Any situation not covered by these regulations shall be settled in accordance with UCI General, Technical and Stage Race Regulations. The organisers will under no circumstances hold themselves responsible in any way for cycling, motorcycling, motoring or other civil offences. Competitors, race staff and team officials are obliged to observe the Road Traffic Acts. It is the responsibility of team officials and competitors to be familiar with the Race Regulations. All participants (riders and officials) must be holders of a current valid licence issued by a UCI affiliated national federation which must be submitted to the Commissaire President before the start of the event. Competitors shall submit themselves to any Anti-Doping control immediately after the finish of each stage. It is compulsory that all competitors wear hard-shell helmets at all times on every stage.

INFRINGEMENTS

Any infringement of any of the race rules by any competitor, team official or helper will make the whole team liable to penalties or disqualification. These penalties may also include fines and/or reduction of prize value in compliance with UCI Regulations. Riders and officials should be careful regarding toilet requirements and seek suitable areas in places not subject to public view.

Failure to comply with this instruction may incur sanctions depending on the seriousness of the offence.

SPONSORSHIP

A badge supplied by the team, bearing team's sponsors name/logo may be affixed to Classification Leaders Jerseys. This badge shall be produced for approval by the Race Organiser and Commissaire President at the team managers meeting prior to the start of the race. The location of the badge on the jersey shall not infringe or detract from the jersey's sponsor name. A final decision of the badge's location rests with the Race Organiser. The area of the badge can be no greater than 64sq.cms.

RACING REGULATIONS

Riders must obey the Rules of The Roads and are responsible at all times for their own safety.

Roads are not closed to traffic.

All riders placed 1st, 2nd, and 3rd in each stage and the leaders of the various classification jerseys must present themselves immediately on the platform after each stage to take part in the presentations.

The priority of classification jerseys is as follows.

1. General Classification by time.
2. Point's classification.
3. KOM Classification.
4. First Year Junior Competition.
5. Stage Winners Jersey

With the exception of the final stage a rider will only be awarded one jersey at each stage end. Should a rider qualify for more than one jersey he will be presented with the leader's jersey of the higher classification.

Subsequent classification jerseys will then be awarded to the next best-placed rider.

Riders taking pace will be sanctioned and riders being towed shall be liable to disqualification.

Team vehicles except in Time Trials are restricted to a maximum height of 1.66metres.

Team Cars in the Cavalcade will follow in the order of individual classification on the basis of one car per team. Riders may receive parts, or a whole bike from any team car. No rider may give his bike or any part of his bike to a rider from another team.

Riders may exchange Food, Drinks, and Tools etc during a stage.

Riders may not assist, other than by normally accepted sporting practice, or enter into any agreement with members of other teams; any action of this nature will be penalised.

Feeding will not be permitted in the first 40kms or the last 16kms. All feeding must take place at the rear of the field.

Breakaway groups may only be followed by the helpers when the gap between them and the chasers is greater than one minute, and then only with the consent of The Commissaire.

No Team Car may overtake in the last 10kms of a stage.

Should the Judges be unable to place all the riders in a group the unplaced riders being exaequo, prizes and points (rounded up to the next unit) will be divided between them.

The Timekeeper will attribute the same time to all riders passing in a group at the finish. However, where the opportunity offers, and there are gaps, separate times may be taken.

Riders not holding the handlebars when crossing the finish line in a close sprint may be relegated to the last place in that group.

A Rider who incurs a puncture, fall or a mechanical incident in the last kilometre shall be credited with the same time as the riders whose company he was in prior to the incident, but he must cross the finish line otherwise he shall be given last place on the stage. This will not apply on Stage 5 Hill Top finish of Gallows Hill.

RACE SERVICE

The first Neutral Service Car will normally be placed with the leading group, the second with a following group. Teams wishing to avail of the service will equip these cars. Riders receiving equipment will be responsible for returning or replacing it.

Teams cars starting with No. One in the cavalcade are obliged to service riders when Neutral Service is tied up with other riders. Team Cars of the first three riders on General Classification are exempt from this rule. It is expected that this service be carried out in a fair and sporting manner.
